SUMMARY

For the past 2 years I've been freelancing. I am very well experienced in Web Development, App Development and Web Automation programming. I am also very knowledgeable in Blockchain area.

EXPERIENCE

Freelance

- Developing and maintaining full stack Flask websites: rybieudko.pl (connected to Allegro's API), skupkomiksow.pl and mxe2025.com.
- Developing website with Django, PostgreSQL and Nginx – zdroweziolo.pl.
- Creating websites using APIs designed in Flask/Django and connecting them with React frontend.
- Connecting to Cryptocurrency Exchanges APIs and creating python trading bots for Binance and Kucoin, using python-binance and python-kucoin.
- Making automated scripts with Python and Selenium.

Personal

- Creating Progressive Web Apps with NoSQL database, connected to blockchain - chatapp-5255c.web.app
- Doing school projects using Java and C++.

SKILLS

Programming

- Flask
- Django
- MySQL
- React
- Python
- Docker
- Linux
- C++

Personal

- Fast learner (always willing to learn new technologies)
- Strongly motivated

EDUCATION

Languages

- English – Fluent (IELTS certificate | British Council | 11.16)
- Danish – Medium
- Polish – Native

ACTIVITIES

I love new technologies, in free time I work on Eos Dapps and research information about blockchain. I also learn languages eg Danish.
